YOUTH SWIM

2ND GRADERS LEARN TO SWIM FOR FREE

Drowning is the second leading cause of accidental death for children under fourteen. We believe that all children should know how to swim and be safe in and around water. For this reason, the Y offers the 2nd Grade Learn to Swim Program for non-swimmers, for free.

WE'LL BUILD LIFE SKILLS

The YMCA has over the years taught hundreds of children, youth and adults to swim and helped **minimize the risk of drowning**. In addition, learning to swim builds pride and confidence. At the Y, we care about building strong, secure, connected and confident people.

The **Y Swim Program** is participant-centered. The emphasis is on learning, not passing or failing. Each developmental level is divided into five components which include personal safety, personal growth, stroke development, water games and rescue. It is not uncommon for a child to repeat any given level.

Our swim lessons are specifically tailored to the child's age, swimming ability, level of physical development and confidence in the water. The participant will advance in the program as they become more skilled in the water.

If you have questions about what level you should register your child please **schedule an evaluation** with us. **All evaluations are by appointment only.** To set up an evaluation for your child, please call 908 273 3330.

In addition to lessons, we recommend our family members enjoy **Family Swim time** (see pool schedule for hours) to increase your child's comfort and ability in the water. Youth members can buy passes to participate as well.

NOTE - Our YMCA water safety standards have the following ratios:

1:4	1:6	1:8
Pike 1 Polliwog Rays Wahoo	Eels Guppy Marlins Pike 2 Sea Snakes Starfish Stingrays Sturgeon Tadpole	Fish Flying Fish Minnow Penguins Sharks

Please note: Due to class ratios and to keep classes at a consistent level, we cannot offer make-up swim lessons for preschool and youth swim classes. If your child has a long illness and cannot continue through a session, you can apply for a credit; a doctor's note is required. We do not give credits for individual classes missed regardless of the reason.

There will be no classes Monday July 4.

OUR SWIM PHILOSOPHY

FLOTATION DEVICES:

We believe in the use of bubbles to help children gradually become accustomed to the water. Every lesson, we remove the bubbles at least once to test your child's buoyancy and build confidence.

REPEAT A CLASS:

Every child learns at a different pace. Some children may remain in one level for a longer period of time. Once they develop into the requirements of the class, they will progress to the next level. Ask the deck supervisor for skills that you can practice with your child during family swim.

MAKE-UP CLASSES:

We only offer make-ups for the Parent/Child classes. If your child gets injured or becomes ill and cannot make it to lessons, we can **remove him/her from the session** and refund the remainder of the balance to you with a doctor's note.

WAIT LIST:

Please rest assured we will make every effort to place your child in a class. We will contact you as soon as something becomes available. To find out more information, please visit our website. www.theSAY.org. For class alternatives, please speak to a deck supervisor prior to registration to find all classes available for your child's swim level.

SCHEDULE CONFLICTS:

We are only able to make switches to a schedule if there is an open spot. If no spot is available we will not be able to move you. Refunds are not offered for time conflicts.
