SUMMER CAMP

EXPLORE, CREATE, & DISCOVER
SUMMIT AREA YMCA | JUNE 17 - AUGUST 30
REGISTRATION BEGINS JANUARY 7, 2019

2019

WELCOME!

CAMP MISSION

For more than 80 years, the Summit Area YMCA has provided our community's children with safe and exciting opportunities to explore, learn, create, and discover the world around them. To prevent summer learning loss, the Y is here to stimulate and encourage creativity and individuality in every camper.

At the Y, campers will:

- Be inspired to carry out the Y core values of caring, honesty, respect and responsibility
- Learn to appreciate and incorporate diversity
- Make friendships, become stronger leaders, encourage team work
- Have a ton of fun!

SAFETY IS OUR PRIORITY

The American Camp Association (ACA) accredits each of our day camp programs. This independent body establishes standards for key aspects of camp operation, program quality, health and safety of campers. The ACA accreditation includes an on-site visitation every three to five years. Additionally, YMCA day camp staff are trained in CPR and First Aid.

LETTER FROM THE CAMP DIRECTOR

Dear Parents,

We are looking forward to a summer full of fun and excitement, where your children will have the opportunity to create lasting memories and build lifelong friendships.

From sports and swimming to arts and science, we have options to fit every child's interests. Our enthusiastic camp staff will serve as positive role models while providing your child with the best possible camp experience. Although several of our camps are accredited by American Camp Association (ACA), all of our camps follow the ACA guidelines. Our staff go through rigorous training in order to ensure the safety and well-being of every camper.

Registration and Early Bird Pricing begins January 7, so please mark your calendars. We can't wait to see you!

Sincerely,

Kelly McHugh
Camp Director

They will learn basic wilderness survival techniques such as how to recognize and treat exposure, emergency fire making techniques, locate and purify water in the field. Campers will also learn emergency signaling techniques, understand common wilderness emergencies and take part in an introduction to wilderness first aid course.

OUR MISSION IN ACTION

“LIT got me certified for CPR, taught me leadership skills, team skills, how to make a resume, how to dress and act in an interview and more—it definitely makes me feel more confident because those experiences will make me better prepared for job hunting in the future. LIT taught me the importance of my behavior and how my actions as a role model can make a positive impact on younger kids. I had a lot of fun and I would definitely want to do LIT camp again next summer.”

— Harry, Summit Area YMCA Camper

“My daughters Ayanna and Laetitia had a wonderful time at camp with the Y. Laetitia went to Mad Science camp and she would come back with a science experiment every day and talk about what she did with cylinders and pipettes. Being a scientist myself, I was enthralled by her enthusiasm and impressed that the Y actually hired professionals and experts from the related fields to teach and engage the children. Ayanna also loved Camp Cannundus and had a great time outdoors with all the team spirit and nature activities. Both of them enjoyed the Y for both the indoor and outdoor activities!”

— Sonia Khullar-Hubert with Twins Ayanna & Laetitia

“When I brought Sophie to Y summer camp on the first day, she was scared and unhappy to see me leave. By the time I went back to pick her up, she was totally transformed. She was having so much fun that she didn’t want to leave. Your camps made my daughter happy to be in our new home, our new city. These camps had a permanent and positive impact on both Sophie and our family—we were able to adjust to Summit quickly because of the Y, Sophie made friends, and looks forward to going to camp again next year.”

—Richard, Summit Area YMCA Camp Parent
