FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

GROW WITH US

Join Summit ACHIEVE Community Garden's Master Gardener, Terri Hutchinson, where she will be sharing her expertise on garden tips, how the Community Garden has been involved with the Food Pantries in town, and our partnerships with other community organizations. The garden has been in operation since 2013 which houses 56 plots available for rental to Summit residents. The mission of the garden is to bring neighbors together to share the benefits of organic gardening for a healthier community.

Wednesday, March 2
10:00–11:00 AM
Summit YMCA
Free Event
